

QUICK GUIDE

How to setup a uQualio® Free Trial

First step: Create a 'Free Trial'

During the 14 days free trial you can: Publish on your own uQualio® site & invite up to 10 people. Follow the activities, analyze, communicate, motivate, and document the results.

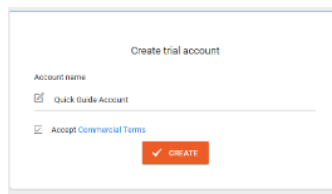

To start a free trial, go to: www.uqualio.com/freetrial.html

Press the button

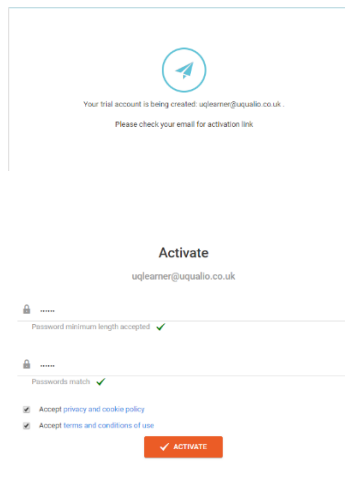

The following window appears where you must enter a name for your account – it would make sense to call it your company name.

NB! You can change the account name later.

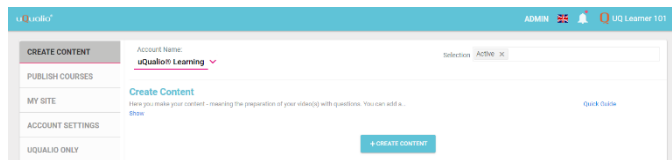

Then you must accept the commercial terms for use of uQualio® system but once this is ticked off, you only need to press Create.

By e-mail you receive your activation link, which you click on. Add your password and accept of terms, and press 'Activate'.

You land directly on the 'Create Content' page.

Read the uQualio Quick Guide: Make Content and follow the instructions to make content and publish courses.
