How to Up- or Downgrade a uQualio® Subscription

Upgrade subscription level

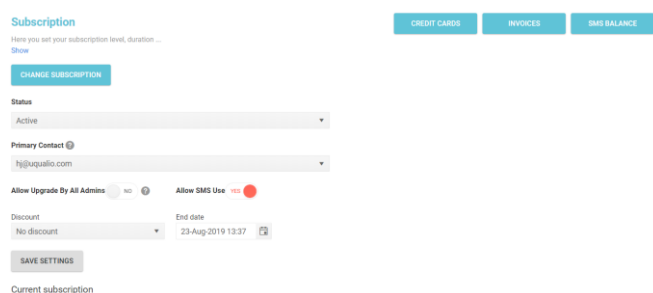

If you liked your free trial and want to subscribe, this is what you do to upgrade your subscription.

You either press the 'Buy Subscription' button at the top navigation bar if you have a free trial or you go to 'Account settings' in the left navigation bar and choose Subscriptions.

On the subscription page, you press the button 'Change Subscription' at the top.

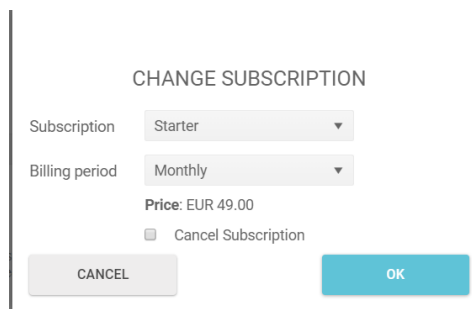

If you have a free trial then press the button 'Activate Subscription'.

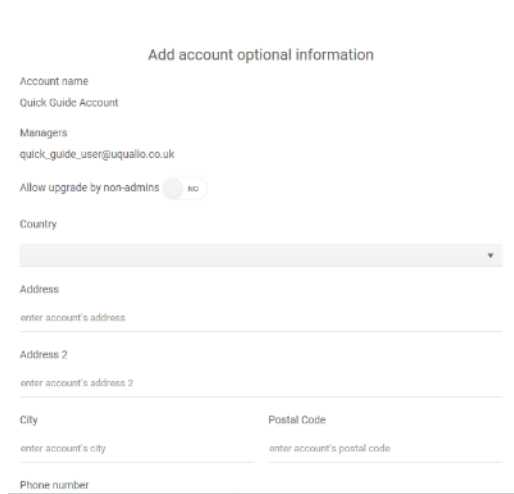

A pop-up appears where you decide what subscription level you want and what billing period you want (NB! 10% discount on the monthly price if you chose quarterly billing).

This is also where you can downgrade or cancel your subscription completely. Just choose the level you want or tick the 'Cancel Subscription' box and as soon as your current subscription level ends you will be downgraded (as we do not give money back).

Then you press the 'OK' button.

<p>A pop-up appears where you add your additional account information when you active your subscription from free trial.</p>	
<p>After this you are prompted to add your credit card details to enable payments. And press the button 'OK'.</p>	
<p>The new subscription is activated immediately - enjoy! Or change subscription level at the end of your current subscription.</p>
